

Workshop Giving feedback

Purpose

In this interactive workshop, you will learn how to give each other feedback in a constructive way. Not only positive feedback, but also corrective feedback. When you use feedback well, it becomes a powerful tool for growth.

Content

The following topics are covered. This workshop can be tailored to your organization.

- What is feedback and why you give it?
- Giving and receiving feedback
- Different types of feedback
- Feedback using the OEPS-model
- Practicing giving and receiving feedback
- Tips and practical guidance

Handig om te weten

- Group size: 4 – 10 participants
- Duration: half a day
- Location: in-company or at an MEPD location
- A+O Metalektro member companies can follow this training free of charge
